INFORMATIVE— COMPARE-CONTRAST

LITERATURE
RESPONSE*Chalk & Journey continued*

These two book are similar.
They have no words. Both book
are the same because they was
there umaginashune. There
picshrs come to life. These are
rezons why the books are
the same.

These are ways they are
difrent. First of all, they are
difrent because there are 3
kids and in the other book
there was 2 kids. Also, they
are difrent because one takes
plase in a casell and the

other book takes plase in
a parck. In Chalk there is
chalk but in Journey there was
a crayon. Those were ways
they are difrint.
