

Inference: Paperman
<http://safeshare.tv/w/WrtICpISDs>

Definition

Inference (noun) *Logic*.

1. the process of deriving the strict logical consequences of assumed premises.
2. the process of arriving at some conclusion that, though it is not logically derivable from the assumed premises, possesses some degree of probability relative to the premises.

Directions: *Using the information from the video and your schema on the topic, infer and predict. Answer the questions to demonstrate your inference and prediction skills.*

What is the setting and how does it impact the plot of the video? Support your answer with details from the video excerpt.

What is the plot, and how does the protagonist of the video influence it? Support your answer with details from the video excerpt.

What is the central idea of *Paperman*? Support your answer with details from the video excerpt.

What is the sub-plot and how does it relate to the plot? Support your answer with details from the excerpt.

What conclusion might the viewer draw from the last scene of the video? Support your answer with details from the excerpt.

How was it impacted by sound? Support your answer with details from the video excerpt.

What was the theme of the video and how was it revealed? Support your answer with details from the video excerpt.
