

SCIENCE: **4-STEP PREDICTIONS**

- 1** Before reading, **ENGAGE** students in a prediction activity.
- 2** Reveal the complete demonstration. **TEST OUT** their predictions.
- 3** **READ** the science text on the same concept.
 - Mark info that matches predictions (+).
 - Mark info that goes against predictions (-).
- 4** **DISCUSS** the student predictions in light of what the text said.
